Anthony Astige

anthonyastige@gmail.com | (510) 394-5143 | Skype: AnthonyAstige

Full stack web developer over 10 years from PHP to NodeJS (+Meteor)

Experience as CEO of my small web development firm for over 4 years

Seeking SF Bay area or remote part time contracts at $150/hr

Examples

Present (Sole dev 2015-present)

- www.trackmyfoods.com
- vms.codeforeauclaire.org
- workout-timer.fowk.com
- shuttles.fowk.com

Past (Team leader)

- www.thesfmarathon.com (2011-2013, prior website support)
- www.fantasyjunction.com (2009, server side)
- domdig.zinid.com (2007, full dev)

Technology

Primary stack

- Meteor.js (JavaScript, HTML, CSS, MongoDB, Node.js)
- GIT (Command line use, hosted at githhub, bitbucket, and beanstalk)
- Misc: Bootstrap, light linux server administration, Facebook API

Core tools

- Vim (Converted from Emacs in 2004)
- Gmail (Inbox 0)
- Trello (Project management)

Past, secondary, & minor

- **Web**: ES6, lodash, jQuery, CSS3, PHP(+CakePHP +WordPress), Cordova, ActionScript, Templating (Blaze, Smarty, PHP, ...)
- **Server**: Node.js, NPM/NVM, HAProxy, PM2, LetsEncrypt/CertBot, Apache, Nginx
- **Databases:** MySQL(+ADOdb), MongoDB, PostgresSQL, FQL
- **APIs**: Facebook (+FQL +FBML), Google Maps, Digital Ocean, BaseCamp, Authorize.net CIM API, PhantomJS/CasperJS, ...
- **Hosting**: Digital Ocean, CloudFlaire, Github pages, Rackspace, AWS, Google Cloud Platform, Namecheap
- **Scripting**: Bash scripting, DOS Batch files, Windows PowerShell, AHK (AutoHotKey)
- **Languages**: C, LISP, Pascal, C++, Python
- **OS's**: Ubuntu (14-16), CentOS(5-7), Unix(solaris), Windows 3.11-8
- **Software**: VirtualBox, Parallels, Microsoft Virtual PC, VNC, Trac, Web shopping carts, Credit card transactions, Basecamp
- **Hardware**: X86 hardware construction & troubleshooting, Networking
- **Concepts**: MVC, RDBMS, NoSQL, Exceptions, Seperation of concerns, SSL/public-private key encryption, Web Security (XSS, XSRF, SSL, SQL injection, File permissions, SQL permissions), REST API Implementation, Responsive web design, Paypal transactions

Business

- Management / human resources / operations / project management
- Information Technology (computers repair, networking, general software, …)
- Legal (contract drafting, agreement strategy, statute research, …)
- Quickbooks & basic accounting
- Google Documents (serious keyboard shortcut usage)
- Spreadsheets (Google Spreadsheets is my strength and I use Open Office & Excel as needed)
- Simple B2B Marketing (craigslist ads, seo, ppc, etc)
- Ecommerce (Ebay, amazon, …)
- Sales (lead generation, taking calls, setting up processes, etc)
- Social media (Facebook, gmail, twitter, …)

Education

Attended UC Berkeley's L&S Computer Science department. Additional coursework in business, mathemetics, physics, & various social sciences.
